MAJIC EYES ONLY: Earth’s Encounters with Extraterrestrial Technology

By Ryan S. Wood
Forward by Jim Marrs

MAJIC EYES ONLY is the most authoritative and comprehensive chronicle ever published on the subject of worldwide UFO crashes and subsequent military retrievals from 1897 to the present. The author guides the reader through 74 UFO crash incidents supported by compelling evidence in the form of official documents, eyewitnesses and in some cases physical evidence.

Since 1984, multiple sources have leaked, revealed or discovered some 3,500 pages of UFO documents, hundreds classified Top Secret and linked to Majestic-12. These MJ-12 documents, coupled with the Leonard Stringfield data and strong investigations by other case experts, provide a powerful core of UFO crash incidents.

The idea that major governments have covered up the true nature of the UFO phenomenon for more than half a century through unprecedented secrecy, deception and intimidation strikes many reasonable citizens as preposterous. Yet, this book provides a wealth of evidence, including declassified and leaked government documents and credible eyewitness testimony, that supports the uncomfortable truth of this “preposterous” notion.
